I think the way
this class was
set up, it made
math
somewhat fun
and enjoyable.
I didn't find the
content too
daunting like
most people
describe a
statistics
course to be.
Most
importantly
this class was
set up for the
students to be
able to
succeed, it
wasn't easy but
as someone
who is not
confident in
my math
abilities, I
found it double
and found
myself
enjoying the
ability to
understand
what we are
learning rather
than having to
memorize the
formulas and
steps. Thank
you, I really
appreciated
this course!

Do you have
any additional
feedback?

Mr. Holt was
an excellent
teacher and so
much easier to
understand
then when I've
taken this
course from
other teachers.
