1	Mr. Holt is an excellent professor of Statistics. I took this same class with a different professor in Fall term and did not understand any of what I was supposed to be learning. With Mr. Holt, I understood everything and if I didn't understand right away, I knew exactly where my resources were to help myself understand. My favorite part of this class is how the Midterm and Final exams were split into two. I felt that I had a better chance of success studying, taking the first portion, going home to study again, and taking the second portion the next day. Thank you Mr. Holt!!!
2	I really enjoyed learning the materials
3	I enjoyed the style of teaching and the time management.
4	He was a very good teacher who always answered my questions clearly.
5	Fantastic layout and organization for this course. My favorite math course I have ever taken at any college.
